

INTRODUCTION

GUU YIH PLASTICS CO., LTD.

GUU YIH PLASTICS CO., LTD. established in 1992 specialized in Wheel Covers, and now the production of Performance Grilles and Bumpers has been officially included.

We specialize in research & development, manufacture and sales of the Auto Parts & Accessories. Most of our products are exported to America, Europe, Central/South America, Australia, Asia and the Middle East, affirmed and trusted on the market. With positive attitudes and professional skills to design quality products to meet all customers requirements. Furthermore we expanded the factory in 2008, in order to accord with current customers demand.

We have been already passed ISO9001: 2008 certification, accord with the international quality standard, requirement for environment protection. In 2014, pass the BSCI audit. In addition, we held a number of patents in many countries.

We review the whole production process including materials, warehousing and logistics. In 2011, we invent a NEW idea of wheel covers

– THE FOLDABLE WHEEL COVERS. The outcome was successful. The flat packing advantage creates maximum product value.

Look ahead into the future, we will continue to improve ourselves to supply more and good products, expect to lead the market continuously with remarkable quality and outstanding products.

Package: 4pcs/SET, 5sets/CTN.

FOLDABLE FEET FITTING INSTRUCTIONS:

1.Lift clip linked to the base.

See Fig.1& 2

2.Lock the clip into the base.

See Fig. 3

3.Ensuring the clip cannot move left or right, and locked into the base, fix the retaining ring into the groves, to splay the legs outwards. Align the indentation with the valve position mark.

See Fig. 4

ADJUSTABLE RETENTION RING INSTRUCTIONS:

※ TAIWAN PATENT
※ U.S. PATENT

It is necessary to insure that the valve pore's picture must be in alignment with the concave place of the hoops, keep the hoop's depression side to upturned, the raised side to netherward and fixed beside the horn.
